CHILD CARE

We provide quality child care through our MOPPETS program. Our child-care workers and volunteers take excellent care of the children so you can have a worry-free meeting experience.

MOPS is a place where mothers of preschoolers can experience:

- authentic community
- personal growth
- practical help
- spiritual hope

We understand the unique needs, challenges and joys of early mothering. You will be welcomed to our MOPS group as you are!

"MOPS keeps me up to speed on parenting topics, and I always come away from meetings feeling refreshed and reassured."
