

## Volunteer at All Saints!

**Updated 5/15/2020**

**Here's a list of exterior tasks volunteers can complete w/their own tools & supplies. Water can be taken from the hose near the west entrance.**

### **Trash & debris pickup around the property (ongoing)**

*Gloves, trash bag for debris*

### **Sweep up asphalt and dirt that accumulates at the curb across from front entrance (twice a year, spring and fall)**

*Broom, shovel, trash bag for debris*

### **Sweep pine needles & debris from driveway curb, clean debris from storm drain at the entrance of the driveway (twice a year, spring and fall)**

*Broom, shovel, trash bag for debris*

### **Sweep sidewalks, cement pads and entrances and remove debris if necessary (ongoing)**

*Broom, shovel, trash bag for debris*

East entrance near office

West entrance & bike rack area near parking lot

Cement pad adjacent to middle school classroom (east side of bldg)

### **Clean wooden benches at east and west entrances**

*Bucket, sponge, wood soap*

### **Wash & dry windows**

*Ladder, bucket, white vinegar, wash rags or squeegee, drying towels*

### **Scrub exterior walls to remove mold**

*Ladder, bucket, gloves, protective eyewear, scrubbing brush, Jomax, bleach (recipe: 80% water, 15% bleach, and 5% Jomax)*

### **Planting flowers**

*Flowers, potting soil, gloves, kneeler, hand spade, water can*

### **Weeding (late April/early May):**

*Kneeler, bucket or trash bag for debris, hand spade or dandelion digger*

Flower beds along the south-facing wall in front of classrooms

Lava rock beds at the church entrance

Flower beds along the south-facing wall in front of the nursery & bathrooms

Lillies in rock bed by the water hose

Flower garden in front of Fellowship Hall

Rock beds in parking lot

Rock beds behind Fellowship Hall and long north facing wall

Flower beds along east facing wall (looking at Chapel Valley Rd)

Flower bed at base of white cross

Island of arbor vitae along Chapel Valley Rd

Church sign along Chapel Valley Rd (05/11/2020, In-process Darla)

### **Trimming (with string trimmer):** *trimmer, gloves, protective eyewear, blower for debris*

Pine tree beds between the church and McKee Farms Park Apartments

Island of arbor vitae along Chapel Valley Rd  
Curbs around rock beds in parking lot  
Large cracks around parking lot  
Sidewalk running along McKee Rd  
Under church sign along McKee Rd  
Under shrubs along south-facing wall

**Mulching:** *mulch, shovel, wheel barrel, gloves, kneeler*

Flower beds along the south-facing wall  
Flower garden in front of Fellowship Hall  
Flower beds along east facing wall (looking at Chapel Valley Rd)  
Church sign along Chapel Valley Rd  
Pine trees between the McKee Farms Park Apartments

**Pruning/Trimming trees & shrubs:** *lopper, pruning shears, gloves, buckets or trash bags for removing debris*

Shrubs along south-facing wall  
Shrubs along the north-facing wall  
All flowering trees along the perimeter of the building

Applying Preen (weed killer) to rock beds (**done, early May 2020**)

**Applying systemic to birch trees to repel Asian beetles**

Attention needed around play structure:

- Cutting the broken pipe from the base (**done**)
- Fixing / permanently disposing of the broken picnic table - sharp, wooden ends are exposed (**sharp wood was cut away and table was repositioned on pea gravel near the garden for gardeners to have seating**)
- Checking the play structure for strength and sturdiness (**the structure is sturdy / the slides have thick cuts in the plastic we should look into fixing**)
- Checking the play structure for bee/wasp nests and clearing them away (**didn't see any nests as of 5/9/2020**)
- Cleaning the play structure of dirt and debris (looks good)
- **Make a plan to repaint this summer?**
